# **BACHELOR OF ARTS WITH A DOUBLE MAJOR (BA)**

## **Degree Requirements**

The BA with a Double Major degree allows students to combine two majors into one degree to provide depth in two areas of study rather than just one. Students may choose combinations of the disciplines listed below. The Communication and Spanish combination is listed separately because of the specialized nature of some of the course requirements.

## **Hours Required**

120 semester credit hours (SCH): 45 hours must be advanced, with fulfillment of degree requirements as specified in the "Requirements for Graduation (https:// catalog.tamiu.edu/undergraduate-information/academic-regulations/)" section of this catalog and the General Requirements for Undergraduate degrees at the beginning of this section.

**Total Semester Credit Hours** 

\* Mathematics: includes 1 SCH surplus from MATH 2413 in the core Note: All CRIJ majors must first satisfy the lower level CRIJ courses or their junior/community college equivalents in the sequence indicated before enrolling in advanced courses.

BA/MA, BS/MS Option: See Combined BA/MA, BS/MS Programs in this section

# **Four-Year Degree Plan**

The BA with a Double Major degree allows students to combine two majors into one degree to provide depth in two areas of study rather than just one. Students may choose combinations of the disciplines included in the Program of Study Requirements. Following is one suggested four-year degree plan. Students are encouraged to see their advisor each semester for help with program decisions and enrollment; responsible for reviewing the Program of Study Requirements; and must meet foreign language and writing intensive course requirements for graduation. See Academic Regulations-Undergraduate online. (https://catalog.tamiu.edu/undergraduate-information/ academic-regulations/)
